## **COVID-19 UPDATE**

Our General Manager has been working closely with Sport NZ over the last few weeks during Lockdown to ensure they have a clear understanding of our sport. We are attending regular webinar calls, providing feedback, gaining further information around the current challenges and the potential funding opportunities. Sport NZ have created a Governance group that is working directly with MBE and MOH to gain clarity around sport, particularly "contact" sports as we look to move to Level 2. There will be releases from Sport NZ coming out this week which we will share with you all.

If you have any questions, please don't hesitate to give us a call as we have a small team working from home.

Keep safe, Be Kind and we will hopefully be back riding soon.....
