

# NOTICE TO ALL 2020 NZSBK COMPETITORS

As the 2020 NZSBK Competition season has been called due to the COVID-19 crisis, all machines that have been sealed are to remain sealed until such time as national travel restrictions have been lifted.

Under no circumstances are seals to be cut or removed other than by the Technical Steward or by a nominated person from MNZ.

Following the lifting of travel restrictions, notice of intention to carry out detailed technical inspections will be posted and/or emailed to Teams and Riders that have been selected for technical inspections.

Technical inspections will be carried out in the soonest practicable time frame.

Steve Maynard-Smith  
Technical Steward
