

OFFICIALS COMMISSION POSITIONS - REMINDER

Motorcycling New Zealand is currently undertaking a comprehensive restructure of our Officials Commission. To reduce the workload for our Officials Commissioner and to better support all officials, we plan to establish the following positions to work directly under the Commissioner:

- Upper North Island Off-Road
- Lower North Island Off-Road
- North Island Road
- Upper South Island Off-Road
- Lower South Island Off-Road
- South Island Road

These regional positions will be tasked with:

- Reviewing stewards reports and assessments from meetings within their area
- Reporting directly to the Officials Commissioner
- Training and signing off of officials within their area
- Assisting the Commissioner when requested
- Attending Officials Commission meetings (approx. every 6 months), as well as online Zoom meetings when required.

MNZ is currently seeking expressions of interest for the above positions. Please email maryanne@mnz.co.nz by 20th November, if you wish to be considered. Please include in your email your current officials' qualification, position you are interested in, years of experience etc.
