2024 FIM International Licence Application Guidelines

The following pages contain an application form for a FIM International Licence for 2024.

The following forms are to be submitted to Motorcycling New Zealand at least **three weeks** prior to departure before a licence can be issued.

Please ensure you hold a current MNZ Championship Licence if you are applying for a FIM Licence.

- Application form must be completed clearly and in full (pages 2-4 and pages 7-9)
- Payment of licence fee by direct credit or credit card
- Medical Examination Form - must be completed by a medical practitioner. *It is recommended that you attend your regular doctor for the medical examination.*
- Complete the International-Level Athletes Education Program module
- Anti-Doping Declaration must be completed & signed (Appendix 3)
- Completed FIM Therapeutic Use Approval Forms (if applicable)
- Once your FIM Licence Application has been processed by the MNZ Office you (or your Representative) will receive an email which you must electronically sign for your licence to be issued.

Important Information:

As per the FIM mandate every competitor wishing to apply for an FIM Licence must complete the International-Level Athletes Education Program module.

This will require prospective FIM Licence holders to:

- Complete the ADEL program
- Obtain a certificate of completion (provided on completion of the ADEL program)
- Provide the certificate to MNZ in addition to your FIM Licence application.

The course can be completed at adel.wada-ama.org

Insurance Requirements:

The FIM Riders' Insurance Scheme comes into effect from 1 January 2024, which means that FIM Licences will automatically come with insurance cover.

Please note however that an FIM Licence is now only valid for events that are entered into the FIM calendar and have an International Meeting Number (IMN). Please check with Jannine if you are unsure if your event requires an FIM Licence or not.

Insurance Summary:

Please note that as per normal, this insurance does not cover ongoing medical treatment once returned home to NZ; either ACC or your private health insurance will be required. However, ACC does not provide cover if you have been out of NZ for more than 6 months and were injured while overseas during this time. It would also pay to ensure that your private health insurance covers injuries from motorcycle activities overseas.

This insurance product is linked to a licence, so for every new licence, the insurance cover will be issued with it. If you hold a "One Event" FIM Licence, then cover is only provided for the event specified on the licence. If you hold an "Annual" FIM Licence, then cover is provided for all events that you compete in using that licence. Care must be taken to ensure that the Annual licence definitely covers the event that you are planning on competing in.

MEDICAL HISTORY AND EXAMINATION GUIDELINES

Every rider taking part in motorcycle events must be medically fit. For this reason the history and an examination are essential. The Medical History and Examination forms are on the following pages (Appendices A and B). The Medical Examination Certificate is valid for the year in which the licence is issued. In the event of serious injury or illness occurring since the last medical certificate was issued, a new examination and medical certificate are necessary.

In addition to the medical examination, an applicant for any licence in Cross-country rallies (World Championship, FIM Prize, International Events) must undergo and pass successfully and echocardiogram once in his lifetime prior to the issuing of the licence. An exercise tolerance electrocardiogram must be conducted and successfully passed with this echocardiogram and is then required every three years.

Applicants over 50 years

Applicants aged over 50 years except in Trial must attach with their licence application a certificate of medical fitness including a normal exercise tolerance electrocardiogram which is required at least every 3 years. In Trial an exercise tolerance electrocardiogram is also required if there are known significant risk factors for or history of cardiac disease.

The limit for the maximum age in Road Racing GP and SBK World Championships finishes at the end of the year in which the rider reaches the age of 50.

1. GUIDELINES FOR THE EXAMINING DOCTOR (Recommended to be Rider's regular Doctor)

(To be issued with the medical history — Appendix A, and medical examination — Appendix B Forms)

The examination should be performed by a doctor familiar with the applicant's medical history. The examining doctor must be aware that the person to be examined is applying for a licence to participate in motorcycle events. The purpose of the examination is to determine whether the applicant is physically and mentally fit to control a motorcycle in order to ensure the safety of other riders, officials and spectators during an event, having regard to the type of event for which the rider is applying.

Certain disabilities exclude the granting of a licence.

Limbs

The applicants should have sufficient function of their limbs to permit full control of their machine during events. In the case of loss or functional impairment of all or part of a limb or limbs the applicant may be referred for the opinion of the medical commission of his FMN.

Eyesight

The minimum corrected visual acuity must be 6/6 [10/10] with both eyes open together. The minimum binocular field should measure 160 degrees (120 degrees for monocular vision) with 70 each side, 30 degrees vertical.

Spectacles, if required, should be fitted with shatterproof lenses and contact lenses, if worn, should be of the "soft" variety.

A person who suddenly loses sight in one eye will not be allowed to hold a licence until a minimum of three years have lapsed, except for Trial which would remain as one year, with vision not less than 6/6 [10/10] in the one eye.

Satisfactory judgement of distance and wearing double protection when competing would be required for all riders with vision in only one eye.

Double vision is not compatible with the issuing of a competition licence.

The applicant, for any event except Trial, must have normal colour vision, in that they can distinguish the primary colours of red and green. If there is any doubt, a simple practical test is recommended under conditions similar to those of a race.

Deafness

Total deafness in both ears will prevent an applicant from obtaining a licence except for Trials

Diabetes

In general, it is not considered advisable for diabetics to enter motorcycle events. However, a well-controlled diabetic not subject to hypoglycemic or hyperglycemic attacks, and having neither neuropathy nor any ophthalmoscopic evidence of vascular complications, may be passed as fit to compete.

Cardio-Vascular System

In general, a history of myocardial infarction or serious cardio-vascular disease would normally exclude a rider from speed events. Special attention should be paid to blood pressure and cardiac rhythm disorders. In such cases a certificate from a cardiologist including the results of any test the cardiologist considers necessary, must be submitted with the medical examination form. Any competitor over the age of fifty years must have an exercise tolerance electrocardiogram performed, and the result must be favorable.

Neurological and Psychiatric Disorders

In general, applicants with a serious neurological or psychiatric disorder will not be granted a licence.

Fits or Unexplained Attacks or Loss of Consciousness

A licence will not be issued if the applicant is an epileptic, has suffered a single epileptic fit, or has suffered an unexplained sudden loss of consciousness.

Alcohol and use of WADA prohibited substances

Applicants with an alcohol or use of WADA prohibited substances will not be accepted.

PROCEDURE IN CASE OF DOUBT OF MEDICAL FITNESS

The examining doctor may not feel able to approve an applicant on medical grounds. In such a case he will complete the certificate, having ticked the relevant box, sign it and then send it to applicant's FMN with his observations, including past history. If necessary, he shall request that the applicant should be examined by a member of the medical committee of the FMN, or a doctor appointed by the FMN.

COST OF MEDICAL EXAMINATION

Any fee charged for the examination or completion of the medical certificate is the responsibility of the applicant.

MEDICAL HISTORY FORM
(to be completed by the applicant)

Personal Data:

Surname:		First Name:		Date of Birth:	
Address:					
Sex:	<input type="checkbox"/> Male	<input type="checkbox"/> Female	FIM:

*** In addition to the medical examination, an applicant for any licence in FIM Cross-Country Rallies WC must undergo and pass successfully an echocardiogram once in his/her lifetime prior to the issuing of the licence. An exercise tolerance electrocardiogram must be conducted and successfully passed with this echocardiogram and is then required every 3 years.**

Except in Trial, an exercise tolerance electrocardiogram is required for riders aged 50 years and over.

- I, the undersigned, certify that I am this person/rider’s medical practitioner and am familiar with his/her medical history.
- I, the undersigned, certify that I know and am familiar with the WADA list of prohibited substances and prohibited methods.
- I, the undersigned, certify that I have not prescribed any prohibited substances and/or prohibited methods to this person.
- I, the undersigned, certify that I have prescribed prohibited substance(s) and/or prohibited method(s) to this person providing that a TUE was agreed by the FIM and/or that no alternative treatment with authorized substance(s) was possible.
- I, the undersigned, certify that this person is medically FIT to take part in motorcycle events.
- I, the undersigned, certify that this person is medically NOT FIT to take part in motorcycle events.
- I recommend that this person be examined by a member of the medical commission of his/her FMN or doctor appointed by the FMN and of the FIM, if necessary.

Date of examination:

Signature and stamp of Doctor:

APPENDIX 3 – Anti Doping Rider Declaration Form

As a member of an FMN and/or a participant in an event authorized or recognized by the FIM, CONU or FMN, I hereby declare as follows:

1. I acknowledge that I am bound by, and confirm that I shall comply with, all of the provisions of FIM Anti-Doping Rules (as amended from time to time), the World Anti-Doping Rules (the "**Code**") and the *International Standards* issued by the World Anti-Doping Agency, as amended from time to time, and published on WADA's website.
2. **I consent and agree to the creation of my profile in the WADA Doping Control Clearing House ("ADAMS"), as requested under the Code to which the FIM is a Signatory, and/or any other authorized National Anti-Doping Organization's similar system for the sharing of information, and to the entry on my Doping Control, Whereabouts and Therapeutic Use Exemptions ("TUE") related data in such systems.**
3. I acknowledge the authority of the FIM and its member National Federations ("FMN") and/or National Anti-Doping Organizations under the FIM Anti-Doping Rules to enforce, to manage results under, and to impose sanctions in accordance with the FIM Anti-Doping Rules.
4. I acknowledge and agree that any dispute arising out of a decision made pursuant to the FIM Anti-Doping Rules, after exhaustion of the process expressly provided for in the **FIM** Anti-Doping Rules, may be appealed exclusively as provided in Article 13 of the FIM Anti-Doping Rules to an appellate body for final and binding arbitration, which in the case of International-Level Riders is the Court of Arbitration for Sport (CAS).
5. I acknowledge and agree that the decisions of the arbitral appellate body referenced above shall be final and enforceable, and that I will not bring any claim, arbitration, lawsuit or litigation in any other court or tribunal.

I have read and understand the present declaration.
