

# Electric MX Homologation Application Form

This form must be completed by motorcycle distributors applying to have individual motorcycle models homologated by Motorcycling New Zealand Inc. (MNZ), with respect to the MNZ Manual of Motorsport applicable to the class the machine is to compete.

Details furnished here must be for the standard motorcycle **as it is sold from the shop floor in New Zealand.**

Each completed application form must be accompanied by an illustrated brochure, full parts list and full workshop manual for the model for which homologation is sought, along with a full set of technical specifications as detailed in the manufacturer's service manual.

**Note, one sheet for each year and model must be furnished.**
